

think BLUE

PROTECT OUR WATER!

Join the Blue Community Schools movement to protect water for people and the planet.

Why Water Matters

Water is life, essential for every living thing. We depend on clean water to drink, grow food, play and stay healthy.

1/4 of the world's population does not have access to safe drinking water

Did you know?

The Blue Community School initiative teaches us to protect water and watersheds.

40% - Global demand for water will outstrip supply by 40% by 2030

1/2 of the world's population lacks access to adequate sanitation

Only 9% of the plastic ever produced has been recycled

Classroom Activities

- Bring reusable water bottles
- Refill at the water station
- Learn how plastic harms aquatic life
- Celebrate World Water Day with activities and projects

29 years - Some First Nations communities in Canada have not had safe drinking water for more than 29 years

Get Involved!

Be a Water Defender!

Learn about water and how to protect your watershed
Discover how to save water at home and at school
Understand why water protection matters for future generations
